Teil III.2

Es gibt sicher noch mehr Möglichkeiten...

a) Food and drinks

I normally have breakfast and dinner at home and lunch at school. At the weekends I have all my meals at home. Sometimes we eat out at a restaurant and sometimes I do not have lunch, but a big dinner.

For breakfast I usually have a slice of bread with sausage and cheese. I do like Camembert. I drink a glass of orange juice and a cup of coffee. My favourite meals are pasta and Thai food. During Christmas and Easter I eat lots of chocolate.

b) Free-time activities

I don't like reality shows because they are boring and always the same. I love watching dramas and detective series on TV. Parties are fantastic and it is a lot of fun playing party games. I talk a lot with my friends on the phone, but we also meet a few days per week. In the evening I use the computer to do my homework or to chat, twitter or write emails. Usually I read in bed before I fall asleep.

c) At a party

Hi Linda,

How are you? I feel good. I was at my friend's party last night. It was his birthday and it was fantastic. His parents were not at home. I think we all liked the party. The food and drinks were great. We had pizza and drank cola. We also played some funny party games. I liked Hangman and Chinese Whisper the most. What did you do last weekend? How was your last party. I am looking forward to hearing from you.

Bye
