#### **a) My dream holiday**

My dream holiday would be trip to Antarctica. I have always been interested in this continent. It must be totally different from the rest of the world. On the way there it would be a nice cruise on a big ship. I could see whales and birds. Perhaps I could learn to dive. I would also like to stay on Antarctica for a few days. The journey would be 4 weeks long and I would like to take my girlfriend with me. Of course this trip is very expensive.

#### **b) A good job**

My name is Toni Wagner and I want to become a cook. My results at school are ok, but I often cook our Sunday dinner at home and sometimes I prepare meals during the week. Three weeks ago I worked in a kitchen in a restaurant. This was hard work, but I liked it. Perhaps I will become a very good cook in a famous restaurant or I have my own restaurant. Then I will earn good money and will be able to have my own house.

#### **c) Music in my life**

Music is my most favourite hobby. I could not live without it. My most favourite band is „Juli“ and of course Eva Briegel is the best singer in world. I think I have about 500 albums. I spend my pocket money on buying music. I also have a good stereo and two iPods. I listen to music very often, for example when I go to school, when I do my homework and with my friends or when I read or go to bed. When I am said sometimes I listen to music, too.
